- Start revising early - months, not days before the exam.
- Set up a nice, tidy, and quiet study space.
- Plan your revision using a timetable - Planning out your revision means you can spend more time revising and less time worrying you've forgotten something.

- Stick revision notes all around your house so you can constantly see them.
- Do lots of practice papers and questions - You'll find it far easier to answer questions in the exam if you've tried similar ones at home beforehand.

- Get plenty of sleep - it will help your brain store all the information you've learned throughout the day.
- Drink plenty of water and eat healthy foods as this will help boost your concentration.
- Don't totally stop yourself from having fun. This will help you stay motivated, relaxed, and allow you to keep up with your favourite hobbies.
